DAILY RECORD-UNION

FRIDAY APRIL 18, 1884

SAN FRANCISCO AGENCY.

The office of the Record-Union in San Francisco is at No. 8 New Montgomery street—Palace Hotel, opposite the Grand. The paper can be obtained at all the principal news-agencies.

WILLIAM CAMERON,
Special Advertising and Subscription Agent.

THIS MORNING'S NEWS.

New York. April 17th.—The Republican State Convention to-day elected delegates to the Chicago Convention. They are uninformed and their forces are so nearly divided that they have practically no fight over national questions, and delegates to Chicago will almost certainly favor Blaine. The Convention has instructed the eight tribes upon the question as which party shall control in State politics.

NECESSITY FOR PREPARATION.

New Orleans, it is stated, will quarantine all vessels after May 1st sailing from Mexican, South American and Brazilian ports. This is the right thing to do. New Orleans has had too many bitter experiences with yellow fever not to know the danger of admitting it to a foothold. But what are we doing in California? Will we take equally vigorous action? Probably not. The little coasters of San Francisco must be permitted to hunt along the Mexican shore for yellow fever and bring it up to California at the earliest date. It will then be taken ashore and introduced to the streets and lanes of the metropolis, will find its way into the interior speedily, or pass, as it did in Mexico, to the coast. Edmunds' sentiment is developing, which may show itself forcibly in the coming weeks.

There was a light business in making stocks at San Francisco yesterday evening, and low prices. The stock market was decidedly weak. Tom Tilden died yesterday at Visalia, from the effects of a fall received Wednesday evening at Goshen.

The loss by fire at Wadsworth, Nev., foots up nearly \$100,000.

The Nevada and Oregon Railroad was sold at Reno yesterday to satisfy a mortgage.

A riot occurred at Brooklyn, Pa., yesterday, between Germans and Poles, in which several persons were badly hurt.

The Delaware State Convention opened yesterday at Dover.

High water in the Merrimac river is causing trouble.

In a railroad accident near Newark, Pa., a "train-braker" was killed and another injured.

The telegraph wires from Shiloh to Memphis were broken, and there has always been of the most friendly nature, though he by no means is my choice for the Presidency.

LOCAL INTELLIGENCE.

KNEW HER RIGHTS.—Yesterday morning, as the train for Woodland and Red Bluff was about to leave the depot, a lady, scarcely of average stature but making up for it in embonpoint, appeared with a number of packages and a dog, and was about to get on board when George Harvey, who was on the ticket counter, asked her if she knew that it would be necessary to put the dog in the baggage-car. The baggageman commented about that time, she demanded to know what the dog's fare would be to her destination, and drove a sharp bargain for the animal's transportation. Harvey then assisted her up the steps of the car, taking hold of her arm, but she repulsed him, saying with the air of one knowing her rights, "No, sir! I wish you to let me upon the steps." The old fellow looked at her and said, "This is the style of construction suggested that they might be brother and sister, and a peculiar smile passed over his face as he thought what a tease they would make." It would do to see how, by an exercise of strength that would have done credit to Cheshire Whistler, he dashed the fair traveler to the first step and placed his hand against her to see that she did not fall back and have to be lifted over again; but he received his mind by remarking, "That will do, young man; I am very competent!"

The El Dorado FAIR.—George G. Blanchard, President, and Anna Perkins, of Rocklin, a Director of the El Dorado District Agricultural Association, are in the city. They leave to-day for Grass Valley, where they will hold their meeting or tomorrow a meeting of the Directors of the society. This meeting will be an important one, and will decide whether or not they will hold fair this year. The Directors spoken of strongly favor the holding of a fair, and are of the opinion that, notwithstanding the Sawyer decision, a better showing can be made this fall than that of last year. They say that Director A. B. Dibble is using every power in his influence to get the Directors to hold the fair, and the assistance of the people of Grass Valley and vicinity, a fair can be gotten up with will pay off all the indebtedness of the society and leave a handsome balance for next year. The cost of the fair will be little expense attached to the fair this year, and the race-track will be in prime order and first-class condition.

POLICE COURT.—In the Police Court yesterday, J. Munson pleaded guilty of having been drunk, but was discharged with a reprimand. —Mike McQuade and John Williams were found guilty on a charge of vagrancy, and sentenced to thirty days in the county jail. —H. H. An OVENSTON.—Wednesday afternoon a Chinese vegetable saloon, with an unusually good covered wagon, drove up to the water trough at Second and J streets to give his horse a drink. Meanwhile the slack of a six-light oil lamp, the holder being fastened along Second street, dropped down directly in front of the wagon, and when the Chinaman, observing a polka-dot collector near by, started up hurriedly, the top of the wagon bent to crack. —Charles Young, "White," so popular that the horse would not stop and as a result the top of the wagon was torn off and fell into the street badly demoralized. The owner of the property about that time got his horse under control, and looking back at the wreck, ejaculated, "Hell, damn, I'm

stuck!"

A SQUAD OF THIRTY CHINAMEN arrived from Redding by the California and Oregon railway yesterday morning, en route to San Francisco. They came down from Oregon two months ago, having been working at the "front" of the California and Oregon road, and discharged recently at Rocklin. —A small band of Chinese, California, by way of Santa Fe and Tucson, bringing a party of twenty-two men. —Arrived at the State House yesterday; —John L. Smith, teacher of the public schools of Sacramento, was elected to the Board of Education. —John L. Sullivan, abilities as he expressed it, in saving his money. He commented on a description of himself, saying that he was a tall, thin, bald headed man with a narrow, thin complexioned face, when the laughter of the officers made him indignant, and he went away in disgust.

BIOLOGISTS can have considerable enjoyment in Sacramento in making collections of the huge bugs or beetles that are attracted by the electric lights every evening. In some localities they fall upon the sidewalk and are easily collected. —A large number of beetles were discovered in the Sacramento valley by way of Santa Fe and Tucson. —Arrived at the State House yesterday; —John L. CHANGES HAVE BEEN MADE in the closing of most in this city because of the recent change in the running of trains. —A new route for the upper Sacramento with a large found it impossible to tow the latter behind her, and had to return from the hill above the city, making a landing at the old port and take the barge alongside, when she was able to make progress up stream.

AN INDIVIDUAL, considerably under the influence of liquor, appeared at the station-house, evidently too tipsy to be of much service to the police. —He was brought to the office of the Sheriff, and he succeeded in getting him to admit that he was indeed too tipsy to be of much service to the police. —He was brought to the office of the Sheriff, and he succeeded in getting him to admit that he was indeed too tipsy to be of much service to the police.
